

Faith series starts at 1st Christian

Written by Holyoke Enterprise

Starting Sunday, Jan. 4, Pastor Lou Encinias of First Christian Church in Holyoke will be bringing a new sermon series called, "Discovering a Faith that Moves Mountains."

During this series he will define Biblical faith, examine principles which open the door to great faith and present practical ways to apply Biblical faith to everyday life.

The congregation and pastor invite the community to join them at 310 S. Interocean for one of the Sunday morning services—8:15 or 10:30. Recorded copies of the sermon series will be available upon request. Please direct questions to First Christian Church at 854-3438.
