

Snuffy keeping busy picking up leaves

Written by Holyoke Enterprise

City crews have been busy keeping up with the falling leaves this fall. City Supt. Mark Brown said “We’re at the mercy of the trees,” when asked how long crews will continue to pick up the leaves. “Snuffy” or Snuffaluffagus as it was first known, has been super busy picking up piles of leaves all throughout Holyoke. Residents are urged to neatly pile leaves in the gutter and the city will continue to pick them up at least until the first snow, according to Brown. —Enterprise photo
