

9Health Fair March 16

Written by Holyoke Enterprise

Haxtun Lions Club will host the 9Health Fair at the Haxtun Community Center Saturday, March 16 from 7-11 a.m.

With health care costs being so high, it becomes increasingly difficult for individuals to afford routine screenings that could expose problems early before symptoms are apparent.

The routine screenings provided at the health fair are encouraged as a way to take charge of one's health.

To register for the 9Health Fair, those interested may go to 9health.org and follow the instructions. Further questions can be answered by calling Carl Wilcox at 774-6141 or Vickie Hadeen at 774-6348.
