Twenty-four HHS student athletes have hit the gym hard this month and are looking forward to a very competitive year on the girls' basketball court.

“Our team has a good mixture of height and speed,” said head coach Arlan Scholl. “Playing in a league that is always competitive at the state level—and this year includes Akron, the reigning state champions in 2A—presents our team with a great challenge.”

Joining Scholl on the coaching staff are two new assistant coaches, Kia Kassman and Dave Rice. “These are excellent, experienced coaches and are a large asset to our Lady Dragon basketball program,” said Scholl.

The team is working hard and has set some goals to reach this season.

Returning letterwinners are seniors Chandler Gerk and Erin Vieselmeyer, juniors Maddie King and Audi Peña and sophomore Megan Vieselmeyer.
