

Seniors take on faculty for FBLA fundraising basketball game

Written by Brenda Johnson Brandt

Fundraising was truly fun raising Saturday, April 6 when the HHS chapter of Future Business Leaders of America hosted basketball games featuring members of the senior class vs. faculty members.

Seasoned high school players and veteran faculty players joined with rookie teammates for a fun evening of entertainment.

FBLA president and Saturday's event coordinator Molly Brandt was pleased with the response from students, faculty and the crowd who came to watch.

The event served as a fundraiser to help send FBLA members to leadership conferences. Members agree it's nice when a fundraiser can also be a lot of fun.

Enthusiasm for the activity extended beyond members of FBLA. Rachel Schneider wanted to help, so she offered to run the clock. Seniors on the girls' and boys' teams weren't necessarily FBLA members, but joined the effort nonetheless.
