

Citizens address theft

Written by Holyoke Enterprise

How sad is it when you have to steal things off our loved ones' headstones.

I hope that you are enjoying OUR solar globe lights. They were put there for our memorial on our son/brother/daddy's stone.

If you have any conscience at all, please return or replace our solar globes. They are not for your taking!

P.S. Someone saw you take them, and He will hold you accountable!

Randy and Judy Martin
